## TJ Englert

Customer Service Specialist

*Shakopee, Minnesota | September 2014*

We'd like to introduce you to TJ Englert, newest member of MICI, who is joining us as a Customer Service Specialist.

TJ and his family are recent transplants to the Twin Cities, hailing all the way from Dallas, Texas, where TJ worked for a close knit manufacturing company for eight years. He is a proud husband and father of young TWINS (something we here can get behind no doubt)!

TJ has worked in his field for over 15 years, receiving numerous awards for his outstanding customer service along the way, and was named MVP by his employer deView Electronics in 2009. He is a graduate of University of North Texas, Denton Texas, where he studied Sociology and Film Studies.

Through the years, TJ has learned that he loves working with people, training and educating others to become better at what they do. He finds working with relatively small companies as a great opportunity because one can help create new roles, take on un-resourced responsibilities as needed and grow the company and your own career at the same time.

For several years now, TJ has volunteered his free time by helping out at homeless shelters and lending a hand with his local Habitat for Humanity. He sees this work as giving back, but also an invaluable path for personal growth: "Serving and volunteering changes your approach to life, your attitude, and your expectations; it creates a different you, challenges your current thinking and promotes a positive world."

TJ arrives in the Cities eager to work and expand his role with MICI as we continue to grow. He also arrives hungry for a good key lime pie, and is would like to challenge you to give him local recommendations as to where he can find the best slice in town.

TJ, welcome to MICI, we are delighted to have you on board.

Midwest Industrial Coatings, Inc. is a privately held company established in 1985 and based in Shakopee Minnesota. MICI is a Specialty Coatings Solutions Provider. In addition to supplying coatings, MICI provides Tier I services to its customers and suppliers throughout North America, and the Pacific Rim. MICI manages customer supply chains, compliance efforts, application processes, color development and R&D functions in industries such as Agriculture, Automobile Sub Supply, Construction, Marine, Recreational Vehicle, General Industrial and Heavy Machinery.
